 1769: "Among the most celebrated actions ascribed to Alexander the Great, may  
 be well ranked that of delivering the Kingdom of Sidon from the tyrant Strato;  
 and instead of taking the dominion himself, restoring the crown to the next lawful  
 heir, who, ignorant of his pretensions to it, lived as a shepherd in the country  
 near Sidon, of which a more particular account may be found in Quintus Curtius,  
 Book IV, Chap. 10. The superstructure of the fable raised on this historical founda-  
 tion, will be seen in the course of the drama." The Plot sketched out in a review in  
 the *Freeholder's Magazine*, Dec.] Receipts: £137 14s.
